**Section 1.**

This Agreement made and entered into effective as of September 1, 2014 by and between the Lincoln School Committee (hereinafter referred to as “the Committee”) and the Lincoln Teachers’ Association, Local 1461, American Federation of Teachers, AFL-CIO (hereinafter referred to as “the Union”).

**Section 2.**

The Committee and the Union recognize the importance of developing a sound educational system. The Committee and the Union agree that they have a respective responsibility and obligation to promote the highest degree of quality education for the Town of Lincoln and affirm their interest to work toward the achievement of educational excellence in the Town.

**ARTICLE 2  
RECOGNITION AND RIGHTS AND  
OBLIGATIONS OF THE PARTIES**

**Section 1. Union Recognition**

The Committee hereby recognizes the Union as the exclusive bargaining representative for all those employees (except Superintendent, Central Office Administrators, Athletic Director and Building Level Administrators) in positions requiring a teaching or special services certificate employed by the Committee, for the purpose of negotiating, with respect to salaries and all other conditions of employment for the duration of this Agreement. Such recognition is granted in accordance with the Certification of Results of an election held on November 15, 1968, pursuant to Title 28, Chap. 9.3 of the General Laws of R.I. (Chapter 146 of Public Laws of R.I. 1966).

**Section 2. Union Obligation**

The Union agrees to represent equally all members of the above defined unit.

**Section 3. Management Rights**

Nothing in this Agreement shall contravene the authority of the Committee or limit in any way the authority as provided in the general statutes of the State of Rhode Island and the Charter of the Town of

Lincoln. The Committee shall not, however, exercise any of its authority specified above so as to contravene a specific provision of the Agreement.

#### **Section 4. Committee Representation**

Despite reference herein to the Committee or the Union as such, each reserves the right to act hereunder by committee or by designated representative(s).

#### **Section 5. Nondiscrimination**

The parties agree to follow a policy of not discriminating against any employee or potential employee on the basis of race, color, creed, national origin, age, sex, marital status, disabling condition, political preference or membership or participation in or association with the activities of any employees' organization, in compliance with Rhode Island Statutes.

### **ARTICLE 3 GRIEVANCE PROCEDURE**

#### **Introduction**

The prompt, informal and confidential adjustment and settlement of grievances is encouraged; therefore, the following procedures to accomplish these purposes are hereby established:

#### **Section 1. Definition**

- a. A grievance shall mean a complaint by a teacher that there has been a violation, misinterpretation or misapplication of the provisions of this Agreement or of established personnel policy or of past practice. Policy is defined as personnel policies as they relate to terms and conditions of employment. The grievant must establish the existence of an established past practice. Past practice may not be used to contravene any provision of this Agreement. Grievances will be resolved in a fair and equitable manner. The parties will mutually work to maintain a safe and healthful working environment.
- b. As used in this article, the term "teacher" shall mean
  1. an individual teacher
  2. a group of teachers having the same grievance

3. the Union for issues having application beyond an individual or group of teachers.
- c. Each grievance filed shall contain a specific set of facts and refer to a specific article and section of the Collective Bargaining Agreement.
  - d. With respect to any grievance/issue filed under the terms and conditions of this agreement which solely requires applications, review, or determination of special education law, rule, or regulation, or if an issue is appealed to the Department of Education by the Union, the parties agree to submit such issue(s) to hearing before the Department of Education. Such grievance/issue shall not be the subject of arbitration. In the event that any grievance/issue may require consideration of said application, review, or determination of special education law, rule, or regulation, a legal advisory opinion shall be obtained by the parties from the Department of Education prior to arbitration on the grievance. The advisory opinion shall be the law of that grievance with respect to the special education issue.

## **Section 2. Procedure**

### **Step 1.**

A teacher and a Union representative (if the teacher so desires) shall first discuss the problem with the school official serving as the teacher's Building Level Administrator or immediate administrative superior (in cases where a teacher is not under the jurisdiction of a Building Level Administrator) in an effort to resolve the grievance. The aggrieved party must submit the grievance within thirty (30) calendar days after the occurrence of the alleged violation of the contract with copies filed with the Union and appropriate supervisor. The grievance shall be in writing and all known supporting evidence shall be presented at that time. The supervisor shall render a decision in writing within fifteen (15) calendar days.

### **Step 2.**

Failing satisfactory settlement, the aggrieved may, with the assistance of the Union Representative (if the teacher so desires) within ten (10) calendar days after receipt of the decision by his/her superior, appeal in writing to the Superintendent and such writing shall set forth specifically the basis of the grievance. The Superintendent or his/her designee shall meet with the teacher and Union Representative within ten (10) calendar days of the receipt by him/her of such appeal and shall give his/her decision in writing to

the teacher and to the Union (if the Union has been represented) within ten (10) calendar days of such meeting.

### **Step 3.**

The Union may appeal the decision rendered at Step 2 by appealing in writing to the Chairman of the Committee within ten (10) calendar days of the Union's receipt of the decision made at Step 2. A copy of the appeal must be sent to the Superintendent of Schools at the same time it is sent to the Chairman of the Committee. The chairman of the Committee shall schedule a Step 3 hearing with the School Committee within thirty (30) calendar days of the receipt of the appeal by the Chairman. Within ten (10) calendar days prior to this meeting the Superintendent (or designee) by the direction of the Committee shall contact the President of the Union and they shall arrange a time and place for a hearing by the Committee of the appeal. Within ten (10) calendar days after the hearing, the Superintendent shall, by direction of the Committee Chairman, notify the Union President in writing of the decision of the Committee. If the School Committee decision is not appealed within thirty-five (35) calendar days of its mailing by certified mail, the decision shall become final in all respects and is not subject to further arbitration or appeal.

### **Step 4.**

- a. In the event a grievance shall not have been settled under the above procedures, the Union may proceed directly to arbitration which shall be binding.
- b. Notice of intention to request submission to arbitration must be in writing addressed to the Chairman of the School Committee. Such notice shall be certified mail, return receipt requested, within twenty (20) calendar days following receipt of the written decision of the School Committee. If the School Committee fails to render a decision within the time limits in Step 3 above, the Union may proceed to arbitration within fifteen (15) calendar days of the time that the decision was due.
- c. Upon mutual consent of the parties, any matter submitted to arbitration pursuant to section(b) above, may be preliminarily referred to mediation upon terms and conditions that are mutually agreed upon. If mediation fails to resolve the matter to the satisfaction of the parties, it shall proceed to arbitration as provided herein.

- d. Arbitrator(s) shall be selected, and hearing shall be held in accordance with Title 28-9.3-10 and 28-9.3-11 of the General Laws entitled "Labor and Labor Relations" as amended and provided for the settlement of disputes between certified public school teachers and school committees.
- e. The arbitration hearing shall commence within thirty (30) calendar days after notification of the selection or assignment of an arbitrator has been received.
- f. The arbitrator(s) shall be without the power or authority to make any decision which requires the commission of an act prohibited by law, or which is in violation of the terms of this Agreement. An arbitrator shall be without the power or authority to add to, delete from, or modify in any way, any of the provisions contained therein. The decision of the arbitrator(s) shall be final and binding upon the parties and all concerned, and no appeal shall be made except upon the grounds provided by Rhode Island law. The arbitrator shall apply applicable Rhode Island and Federal law to such arbitration and such appeals shall be made as provided by Rhode Island General Law. The Arbitrator(s) shall be without the power or authority to add to, delete from, or modify in any way, any of the provisions contained herein.
- g. Fees and expenses of the arbitrator(s) shall be shared by both parties.
- h. The Committee and Union agree that each will apply to all substantially similar situations the decision of the arbitrator sustaining or denying a grievance.
- i. An arbitrator must render a decision in writing within twenty (20) days of the conclusion of the arbitration hearing.

### **Section 3. General Provisions**

- a. Any grievance not processed in accordance with the time limits specified herein shall be deemed waived by the grievant.
- b. The time limits specified at any step may be extended in any particular instance by agreement between the parties.
- c. Persons proper to be present for the purpose of this Article are defined as the aggrieved, the appropriate Union and Committee representatives, and witnesses. Hearings may be held during school

hours, by mutual agreement, and persons proper to be present may attend without loss of pay.

- d. A grievance arising from the action of an official above the rank of Building Level Administrator will first be discussed with the official and, if not resolved, may be submitted to the Superintendent or designee and processed in accordance with Step 2 hereinbefore.
- e. Nothing in this Agreement shall be construed as compelling the Union to submit a grievance to arbitration.
- f. No reprisals of any kind shall be taken against any participants in the grievance procedure by reason of such participation.
- g. No grievance that is processed without Union representation shall be cited as precedent.
- h. The grievant may have another teacher accompany him/her provided that the latter is not an officer, an agent, or a representative of any teacher organization other than the Union.
- i. Official grievances shall not be placed in the personnel file of the teacher nor shall such grievance become a part of any file or record which is utilized in the promotional process; nor shall it be used in any recommendations for job placement.
- j. A copy of official written Union communications regarding grievances directed to the Committee shall be sent simultaneously to the Office of the Superintendent.
- k. The Union may initiate a grievance at the level it believes will produce the most immediate relief, provided:
  - 1. that level is not beyond Step 3; and
  - 2. that the Superintendent at level 2 accepts and/or the School Committee at level 3 accepts; and
  - 3. the Superintendent or the School Committee may remand the grievance to the level it deems appropriate.

Said President or designee shall notify his/her superior in advance.

### **Section 5. Released Time for Union President**

- a. When administratively possible, the Union President shall be relieved of non-teaching duties for the purpose of conducting Union business. Nothing in this provision shall require the Committee to provide additional personnel for the purpose of carrying out this provision.

Such notice shall set forth all qualifications, requirements, duties, and compensation.

**Section 2. Time Limit on Filling of Vacancies**

The Superintendent shall make all nominations for teacher vacancies to the Committee within sixty (60) calendar days of the occurrence of the vacancies.

### **Section 3. Hiring**

- a. The Union and the Committee agree that it is in the best interest of the School Department to hire the most qualified people for administrative posts and that Union membership and seniority in the Town of Lincoln School Department are not, per se, qualifications for an administrative post. Qualifications shall include but shall not be limited to (a) successful experience, (b) education, (c) contents of personnel file, (d) certification, (e) other recommendations, (f) results of the interview and screening process. Qualifications, including but not limited to certification, being equal, seniority in the Lincoln School System shall prevail.
- b. It shall be the responsibility of an applicant for a permanent vacancy to provide appropriate documentation and sufficient proof of teaching experience. Such information shall be provided on or before the initial interview with the Superintendent or his/her designee(s). Any grievance or action of any type brought against the district for back pay and/or benefits in this regard shall be commenced within one (1) year of the effective date of appointment to the vacancy, or such claim shall be wholly lost. The administration shall give notice of this requirement at the time of or before the initial interview with the Superintendent. A copy of the notification signed by the applicant shall be forwarded to the Union.

## **ARTICLE 6 ASSIGNMENT AND TRANSFER**

Definition of assignment, compensation, position, promotion, transfer and vacancy shall be the same as those under Article V.

### **Section 1.**

- a. (1). Dated notices of all vacancies and new positions occurring or created during the school year shall be posted in all schools at least fifteen (15) school days prior to the filling of these positions. A copy of this notice will be sent to the Union President, all Union Officers and Building Representatives. Applications may be made for specific vacancies or new positions as they occur but no later than ten (10) school days following the posting of said vacancies or positions.
- (2). Assigned positions which become vacant after the last day of a school year shall be posted with the school teaching schedule, and all other pertinent information for the position vacated.

- b. During the summer, notices shall not be posted in school buildings. Instead, notices shall be posted in the Administration Building and mailed to all Union officers and Building Representatives twenty (20) calendar days prior to filling the position. Applications may be made for specific vacancies or new positions as they occur but no later than fifteen (15) calendar days following the posting of said vacancies. Extra copies of such notices will be given to said Union officials upon request at the Office of the Superintendent. The Union shall supply the Superintendent or his/her designee with a list of officers and building representatives and appropriate addresses.
- c. A letter of acknowledgment shall be forwarded to the teacher upon receipt of the request for reassignment and/or transfer.
- d. Teachers applying for reassignment and/or transfer shall apply for the positions they are interested in.
- e. Teachers in the Lincoln School System shall be given preference in assignment and/or transfer over newly appointed teachers and teachers from outside the System. A teacher will not be eligible for transfer to a position in another area of certification during the initial four (4) years in the Lincoln School Department except where deemed necessary by the Superintendent. Teachers hired prior to July 1, 1997 shall not be subject to this provision.
- f. All other qualifications, including but not limited to certification, being equal, seniority will be the determining factor when two (2) or more members of the Lincoln School System have applied for reassignment and/or transfer to the same vacancy.
- g. A person not transferred to a position he/she has applied for shall be notified in writing within ten (10) days after the position has been filled.
- h. In cases where involuntary transfers are made necessary by changing conditions, such involuntary transfers shall be arranged on a fair basis. Teachers who may be involuntarily transferred shall be notified in advance of the transfer and given every opportunity to voluntarily transfer to a suitable vacant position and shall be given preference in the assignment to vacancies which may occur and for which they qualify. Non-tenured teachers who are involuntarily transferred shall be given preference over new appointees in assignment to vacancies which may occur and for which they qualify. Non-tenured teachers, however, shall not be allowed to exercise involuntary transfer status over tenured teachers. Involuntary transfer status shall expire upon the earlier of the following:

1. The teacher's selection of any position to which teacher is subsequently approved by the School Committee.
  2. The conclusion of the first job fair in the spring of the following school year.
- i. No teacher shall be involuntarily transferred to a vacant position for which another qualified teacher has applied under the voluntary transfer provisions of this Agreement except in the case that an involuntary transfer has been necessitated by the elimination of the teacher's position.
  - j. No teacher may voluntarily transfer later than October 1 of that school year without the approval of the Superintendent of Schools. Positions posted after October 1 may be applied for according to the provisions of this section. The transfer shall become effective following the last day of school provided that the temporarily filled position will be vacant for the following school year.

## **Section 2. Job Opportunities**

- a. Whenever a job opportunity, vacancy, federal or state funded position shall occur or a new position be created which is not of a promotional nature, teachers in the Lincoln School System shall be given preference in filling such job opportunity, vacancy, or position. The time limits and regulations for the posting of Job Opportunity notices shall be the same as those governing Assignment and Transfer.
- b. All teachers, regularly assigned to teach in the School System, who have filed written applications, shall be given preference for jobs for which additional compensation is provided, and for all federally funded programs.
- c. Where other qualifications for the positions mentioned above are equal, selection shall be made on the basis of seniority.
- d. All applicants from within the Lincoln School System shall receive a letter from the Superintendent or his/her designee within ten (10) days of the appointment either notifying them that they have or have not been appointed.
- e. Where the other provisions of this article have been met, not being given the position will not constitute a grievance.

- f. In the event that a job vacancy exists for the position of Department Chairperson, or in the event that a new position of Department Chairperson is created, a posting will take place within the building in which that vacancy exists. Teachers from within the said department may apply for the vacant position and be considered for appointment. No person may be eligible for the position of Department Chairperson unless they are a member of the department for which the vacancy exists.
- g. For the purposes of assignment and transfer, teachers whose assignments reflect professional responsibilities in more than one (1) building shall be considered assigned to the building where the majority of their scheduled responsibilities occur. A teacher who is assigned to a building for at least .5 FTE of his/her professional responsibilities shall not be considered involuntarily transferred when his/her schedule is administratively changed, provided that he/she retains at least .5 FTE in the same building. Systemwide assignments shall not be contrived so as to prevent teachers in these assignments from securing assignment to a specific building.
- h. In the event that a teacher has an assignment that includes equal FTE ratios in two or more buildings, the teacher's home school status and subsequent transfer status shall be determined by mutual agreement of Director of Student Services or the Director of Curriculum, Instruction, Assessment & Professional Development, and the Union in the event that a schedule change becomes necessary. If the parties cannot so agree, the matter shall be appealed to the Superintendent, whose decision may be grieved at level two.
- i. In the event there is only one internal candidate for the following positions: Occupational Therapist, Speech & Language Pathologist, Social Worker, Psychologist, Diagnostic Prescriptive Teacher, Guidance Counselor, School Nurse, Math Coach, Technology Coach, Literacy Coach, and Induction Coach, the Superintendent, outlines in MOA page 87, section 3a-1, may interview outside candidates as long as no members becomes displaced from employment.
- j. The District shall duly consider the following categories in determining a transfer, assignment or promotion:
  - a. Qualifications which shall include experience in an actual job held, including special qualifications that may be required or educationally desirable for a position and must be student focused.

- b. Certifications held including Highly Qualified Status and National Board Certification.
- c. Professional development each applicant has engaged in.
- d. Participation on professional/district level/school level committees.
- e. Work history with the District including, but not limited to: attendance, effectiveness within various student populations, student achievement/results, recent experience in relevant subject matter.
- f. Result of evaluations.
- g. Successful interview
- h. Discipline history
- i. Laid off status and work experience will be used as a tiebreaker in the event that two candidates are deemed by the Superintendent to be equally highly qualified and highly effective.
- j. Other relevant data
- k. When all qualifications are equal, seniority will prevail.
- l. Any decision of the Administration regarding an assignment or transfer or promotion is subject to the grievance process.

### **Section 3. Seniority**

- a. The Superintendent's office shall prepare a chronological list of teachers in the Lincoln School System which will indicate the date on which members were hired in the Town of Lincoln. The list shall be made available upon request fifteen (15) days in advance.
- b. Seniority shall be defined as follows:
  - 1. Subject to the provisions of state law and for the purposes of job security and retention, seniority shall be defined as the length of continuous employment of a tenured teacher with District, diminished by the time spent on unpaid leaves of absence.
  - 2. For the purpose of assignment and transfer, seniority shall be determined by the length of time spent teaching. Time spent on unpaid leaves of absence shall not accrue any seniority. Provided continuous teaching service is of equal length, seniority within a particular area will be the determining factor. Teachers shall be subject to the provisions of Section 1, paragraph e. above.

#### **Section 4. End of Year Posting Procedure**

Subsequent to May 1, whenever an opening becomes known for the subsequent school year, this procedure shall be followed in the interest of placing teachers in their classrooms before the school year begins:

- a. All teachers will be given seven (7) calendar days notice of the openings. This written notification will contain available information related to the position, at the time of the posting, including, but not necessarily limited to, school, grade, subject(s)/teacher schedule, teaming, and academic level(s).
  - b. If a subsequent vacancy occurs after this meeting, it will be posted as in Article VI, Section 1.
- (5) Non-tenured teachers may select from the remaining positions in the original posting under conditions set forth in Article VI, Section 1 (e), and Section 4.
- (7) Any position remaining in which a teacher is interested, but lacks the necessary certification, may request in writing that the School Department seek emergency certification if sufficient certified, qualified applicants are not available to fill the position(s).

#### **ARTICLE 7 POLICIES COMMITTEE**

The Committee and the Union are concerned about the quality of education and recognize the benefit of meeting and conferring on matters which may affect the caliber of instruction offered to the students. Accordingly, when requested by either party to this Agreement, a committee or sub-committee of one party shall meet with a committee or sub-committee of the other party to discuss matters of mutual concern to affect the best possible education for Lincoln pupils. The parties further agree that this committee shall not affect the rights of either the Committee or the Union with reference to collective bargaining.

#### **ARTICLE 8 PERSONNEL POLICIES**

##### **Section 1. Student to Teacher Ratio**

- a. No subject matter class shall exceed twenty-seven (27) pupils. LMS and LHS Physical Education classes may not exceed twenty-nine (29) pupils.

- b. No special education resource room class shall exceed eleven (11) pupils per teacher at any given time during the school day.
- c. Review process affecting Grades 3 through 12.

The parties recognize that certain classes contain students with IEPs or 504 plans which require additional support. Therefore a review process shall be established and appended to this Agreement to review the number of and the needs of students in a class which contains students with IEPs or 504 plans. If determination is made by the ad hoc committee that the needs of said IEP or 504 plan students require assistance in, or alternatives to that regular education class, such assistance or alternatives shall be provided.

The review process shall be performed by an ad hoc committee which shall consist of two members of the administration (to be designated by the Superintendent) and two members from the Union. A majority decision of the committee shall be final. If the committee cannot reach a majority decision, the matter shall be referred to the Superintendent, or his/her designee for final determination. The designee shall not be a member of that ad hoc committee. The committee's review shall be based upon the consideration including, but not necessarily limited to, the appended review process.

- d. The only acceptable reasons for exceeding the maximum class size limit listed in sections a, b, and c above are as follows:
  - 1. There is no space available to permit scheduling of an additional class or classes in order to reduce class size.
  - 2. Conformity to the class size objective would result in planning additional classes in the present schedule resulting in the extension of the length of the school day.
  - 3. Does not necessitate the expenditure of funds beyond those budgeted for personnel for the current year.
- e. Teaching Aides
  - 1. The classroom ratio of students per teacher in grades K – 2 shall be 23. K – 1 classes shall each continue to maintain a 19.75 hr. or 15 hr. instructional time teacher aide.
  - 2. The parties agree that if the administration fails to meet the student teacher ratios set out above for Grade 2, a 15-hour Teaching Aide shall be assigned to such class for the time or

times the additional student(s) are in such class as the exclusive and sole remedy.

### **Ad Hoc Committee Review Procedures:**

Pursuant to the provisions of Article VIII, Section 1. (c) the parties to the Collective Bargaining Agreement mutually agree to implement the following procedures in the event that any teacher requests a review of the students with IEP's/504's in a given class if the teacher feels that assistance and/or alternative(s) may be warranted:

1. The teacher will complete the form provided by the District which shall indicate the school, class/room, number of students, number of students with IEP's/504's, course(s) title(s), subject(s).
2. Copies of the form shall be submitted to the Building Principal and Union Building Representative.
3. Within three (3) school days, a meeting shall be convened to review the matter. In addition to the review panel, the submitting teacher and the case manager(s) for the students with IEP's/504's shall be in attendance. The meeting shall be scheduled at such time(s) as is mutually convenient to the members of the review panel.
4. The review panel will consider the disability(ies)/skill deficits and how they are impacting on instruction, the number of students in the class, and any other considerations as may be presented by the submitting teacher.
5. The review panel may request a classroom observation by a case manager or educator who is responsible for one or more of the students in the identified class. If an observation is requested, it shall be performed within three (3) days of the review in order to allow for the panel's compliance with timelines.
6. If the panel requests an additional observation, the team will reconvene within five (5) school days of the observation. The panel must render a decision within five (5) school days after review.
7. The review panel's decision shall be implemented as soon as administratively feasible, but not more than thirty (30) calendar

days from the date of the decision which shall be given to the submitting teacher, the teacher's Building Administrator, and the Union.

8. For purposes of this review, students who are identified as Emotionally Disturbed or other health impairment shall be included, notwithstanding any academic skill deficits. Additionally, the review committee shall consider whether any skill deficit may impact adversely on any academic area. Student confidentiality will be maintained by submitting teacher(s) and case manager(s) as required by statute and applicable regulations.

The evaluation shall be performed at least once if the term of employment is between 45 and 60 consecutive days.

**Pay Schedule:** The long-term substitute will be paid at the per diem rate for the appropriate step of the Base Pay of the contractual salary schedule for the Lincoln Teachers' Association. Pay at such rate will commence as of the effective date of the appointment by the School Committee. In the event that the appointed teacher shall have worked as a day-to-day substitute for the absent regular teacher prior to the effective date of appointment by the School Committee, such days worked as a day-to-day substitute shall be at the appropriate day-to-day payment schedule. The contractual rate shall commence with the effective date of appointment. The effective date of appointment shall be the date upon which the Superintendent is notified in writing of the impending vacancy.

Such "appropriate step" will be determined based on the number of years of service, experience, and training. Teaching service in Rhode Island public schools only shall be recognized. The day-to-day substitute will be supervised by the building administrator.

**Pay Schedule:** A day-to-day substitute will be paid in such amounts as set by the School Committee from time to time.

Any day-to-day substitute teacher who is employed for more than 135 days during one school year in Lincoln, or in combination in Lincoln and one or more other public school districts in the State of Rhode Island, shall be paid a per diem rate based upon the Base Pay of the then current salary schedule in effect for the Lincoln Teachers' Association for the step equal to the substitute teacher's years of service, experience and training, which shall include only years of teaching at public schools in the State of Rhode Island. Time employed as a day-to-day substitute will not be credited toward tenure, nor will any fringe benefits be provided, other than as may be required by State law. A year of service, experience, and training is considered to be 136 or more days of teaching within a single school year.

The administration may increase the rates of pay in the event that it feels higher rates are necessary to fulfill substitute teacher needs for the district. The administration may subsequently decrease the rates of pay, but not less than the amounts contained herein.

Lincoln Teachers who have retired shall be eligible for substitute teaching as allowed by pension regulation. Compensation for employment in a position, for which the teacher is certified, shall be paid at the rate of one-hundred eighty dollars (\$180) per day.

The receipt of the last check is contingent upon the coach meeting the following condition as regards to turn-in of equipment. Within five (5) school days of the completion of the season, the coach will be responsible for the return of the equipment. After the coach has exhausted his/her efforts to collect the equipment, the coach will report the situation to the Athletic Director who will pursue the situation from that point forward.

**APPENDIX F  
LINCOLN UNITED PLAN**

**APPENDIX G**  
**SICK LEAVE BANK PURPOSE STATEMENT**

The Sick Leave Bank serves as a depository into which participating employees may voluntarily donate accrued sick leave time for allocation to other participating employees. The purpose of this bank is to alleviate the hardship caused if serious, chronic or catastrophic illness or injury forces the employee to exhaust all cumulative sick leave time earned by that employee and thereby lose compensation.

**SICK LEAVE BANK GUIDELINES**

1. Eligibility and admission to the Sick Leave Bank is limited to teachers who are tenured in the Lincoln School Department and who have agreed, **at the time of initial eligibility**, to contribute one (1) cumulative sick day annually, per Article IX, Section 1, of the Collective Bargaining Agreement.
2. All cumulative leave must be exhausted prior to a request for access to the Sick Leave Bank. Sick Leave Bank days are intended to be used for the purpose of serious, catastrophic or chronic illnesses which have been medically documented. The Sick Leave Bank is not intended for use for illnesses/procedures that can be safely postponed to a time when the need for access to the sick leave bank can be avoided.
3. A request for use of days from the Sick Leave Bank must be accompanied by appropriately complete medical documentation which includes diagnosis and recommendation signed by an attending doctor. Documentation must also include a statement of work limitations unless treatment plan is otherwise self-evident. Participant must be following the treatment plan as directed by the physician. A request will not be considered without adequate documentation as required by the attached Sick Leave Bank forms.
4. A member request for access to the Sick Leave Bank days will be accompanied by a review of the applicant's prior use/record of sick leave. Employees who have been officially reprimanded for the inappropriate use of sick leave may not apply for Sick Leave Bank benefits within twelve (12) months of the date of the reprimand.
5. Whenever possible, application to the Sick Leave Bank should be made as soon as the employee reasonably anticipates that the treatment will exhaust all of their cumulative sick time, but not less than two (2) weeks prior to the exhaustion of cumulative sick leave.

6. The Board may provisionally grant less than the requested leave with an extension subject to review of updated medical status. Each subsequent sick leave bank extension request must be accompanied by appropriately complete medical documentation signed by an attending doctor. Approved leaves of forty-five (45) school days or more shall require the quarterly submission (i.e., every three (3) months) of a medical status update and a statement of work limitations and compliance with the treatment plan. This requirement shall also apply to continued use of Sick Leave Bank days from one school year to the next.

7. All communications to and from the Board shall remain confidential.

8. The Board will meet monthly during the school year, except as may be required otherwise by circumstances. The monthly meeting may be waived upon mutual agreement of the parties in the event there is no sick leave bank action required.

9. Should the days in the Sick Leave Bank be insufficient to cover members' needs, the Board shall have the authority to assess members' additional days in the aggregate amount to cover needs for the current school year.

10. Once a teacher returns from a Sick Bank leave where all cumulative leave was exhausted, any need for occasional, additional sick time will be addressed by Article IX, sec. 4, 6A.

11. The Sick Leave Bank may be reassessed for up to an additional 364 days by teachers with 15 years of service in Lincoln. It may not be requested within one (1) school year of the teacher's return from an absence that required the expenditure of the initial 364 day Sick Leave Bank maximum. The provision to reassess sick leave bank days may not be used to extend the original 364 lifetime sick leave bank maximum. The teacher must return to work on a full-time basis for at least one school year. The provision to reassess the additional 364 days may not be used consecutively with the original 364 day lifetime maximum.

12. The Board will review annually its guidelines and will make any necessary and/or appropriate modifications or amendments. The guidelines will be issued annually at the beginning of each school year to the members of the Sick Leave Bank.

13. All decisions of the Board will be final, binding and not subject to the grievance process.
