Agreement between the Narragansett School Committee and the Narragansett Education Association September 1, 2012 to August 31, 2015.

PREAMBLE

The NEA Narragansett and the Narragansett School Committee agree that public education is the most important public institution created by our society for the strengthening and advancing of our democratic ideals. We agree further that the institution of public education can best be implemented and perpetuated by a teaching profession comprised of sensitive, qualified and experienced personnel working with the philosophy of the Narragansett School System.

Therefore, in order to effectuate the provisions of Chapter 9.3 of Title 28 of the General Laws, and to encourage and abet effective and harmonious working relationships between the Narragansett School Committee (hereinafter called the Committee) and the professional staff in order that the cause of public education may be served best in Narragansett, this Agreement is made and entered into on September 1, 2012 by and between the Committee and the NEA Narragansett (hereinafter called the Association).

ARTICLE I RECOGNITION

A. In accordance with the Teacher Arbitration Act of January, 1966, the Committee hereby recognizes the Association as the exclusive representative of all professional employees of the Narragansett School System who are engaged in teaching or related activities below the rank of Assistant Principal. Unless otherwise indicated these employees will hereinafter be referred to as "teachers."

B. The Association agrees to represent equally in contract negotiations all teachers without regard to membership or participation in, or association with the activities of, the Association or any other employee organizations.

C. Subject to the provisions of this agreement, the Committee and the Superintendent of Schools reserve and retain full rights under the Laws of the State of Rhode Island and the Town Charter.

D. The Committee shall not discriminate in any way against any teacher by reason of his/her membership in or participation in the activities of the Association or his/her exercise of rights granted under this Agreement.

E. No teacher will engage in activities on behalf of the Association which will interfere with the proper performance of his/her duties.

F. The parties of this Agreement recognize the Committee's exclusive authority to select and employ new professional personnel. In keeping with the high standards of the community, the parties agree to make a good faith effort to attract teachers who possess high qualifications, and to keep such teachers in the Narragansett School System.

G. It is agreed that the management rights in the operation of the School System rest with the Committee and its administration so long as actions by the Committee and the administration are not inconsistent with this agreement, and do not infringe upon rights given teachers in the Teacher Arbitration Act.

ARTICLE II LEGAL RESPONSIBILITIES

A. The Association recognizes that the Committee is the legally constituted body responsible for the determination of policies covering all aspects of the Narragansett School System. No Committee policy will contravene the terms or provisions of this Contract. The Committee recognizes that it must operate in accordance with the statutory provisions of the State and such other guidelines, rules and regulations as are promulgated by the Board of Regents and/or the State Department of Education in accordance with such statutes. The Committee cannot reduce, negotiate, or delegate its legal responsibilities.

ARTICLE III ASSOCIATION RIGHTS

A. Use of School Facilities

1. The Association will have the right to use school buildings without cost at reasonable times for meetings/activities. Request for use of buildings will be made to the building principal in advance.
2. The Association will have the right to place notices, circulars and other material on faculty bulletin boards and in teachers' mailboxes.
3. The Association may install and maintain extension phones at its expense.

B. General Provisions

1. When requested by the Association, the Superintendent shall make every effort to meet with representatives of the Association to discuss matters of mutual interest, as well as matters relating to the implementation of this Agreement. Policies adopted or maintained by any principal shall not be inconsistent with the terms of this Contract.
2. Association building representatives shall be permitted to use non-teaching time during the regular day for the performance of Association business.
3. The Committee shall not discriminate in any way against any teacher by reason of his/her membership in or participation in the activities of the Association or his/her exercise of rights granted under this agreement.
4. The Committee and the Association agree to share the cost for the printing of the final contract.

ARTICLE IV GENERAL CONDITIONS OF EMPLOYMENT

A. Work Year

1. The work year for teachers in the Narragansett School System will consist of one hundred eighty-three (183) school days, except that new teachers may be required to attend additional orientation sessions for up to three (3) days.
2. Teachers required to work in excess of one hundred and eighty-three (183) days (excluding new teachers) shall be paid 1/183 of their salary per day worked. This shall exclude teachers who voluntarily participate in summer school or workshops and department chairpersons and subject coordinators who must participate in employment interviews.
3. One day from the 183 work day school year may be used for formal, school scheduled parental conferences. The other two days are professional days. Staff meetings/hours will be added when professional days are scheduled differently than a full day. A maximum of six (6) additional meeting hours may be added in a school year.

B. Work Day

1. The teacher work day shall be six (6) hours and thirty (30) minutes.
2. The beginning and ending times of the school day shall be set by the Committee after consultation with the Association. Starting and ending times may differ for individual staff, but will not exceed the six (6) hour and thirty (30) minute timeframe. Changes in schedule will be mutually agreed upon by administration and the respective staff member before being implemented. Positions that will have a flexible schedule will be identified by administration each spring prior to the Job Fair.

3. The Committee agrees that to the extent possible it will provide its teachers with notice of the starting and ending times for the school day in the following school year by the last day of school of the current year.
4. Once the teachers are notified of the work day for the ensuing school year, there shall be no changes except for a catastrophic emergency.
5. The Committee will honor all Rhode Island Department of Education and legislative mandates concerning the length of the school day. It is agreed that the beginning and ending times will be adjusted accordingly to meet these mandates and regulations. The impact of such changes shall be subject to Collective Bargaining.
6. Teachers must attend one monthly staff meeting.
7. The Association and Administration agree to convene to discuss alternate ways of distributing professional development hours including early release days and/or the distribution of more than six(6) hours in after school meetings.

C. Class Size

1. Kindergarten class size may not be any higher than twenty-one (21) students per class.
2. Grades one and two class size may not be any higher than twenty-three (23) students per class.
3. Grades three and four class size may not be any higher than twenty-five (25) students per class.
4. Grades 5-8 may not be any higher than twenty-five (25) students per class. However, after the first day of school, the maximum class size can be increased by a maximum of one (1) student per class. The daily class enrollment of teachers in these grades unless otherwise allowed in this agreement shall not exceed:

50	students for 2-member teams
75	for 3-member teams
100	for 4-member teams
125	for 5-member teams
5. Grades 9-12 may not be any higher than twenty-five (25) students per class. However, class size may be as high as twenty-seven (27) if unavoidable. Any increase to class size beyond 25 must be discussed and agreed to by Administration and Association leadership. The maximum case load for high school teachers teaching five full-year courses is one hundred and twenty-five (125).
6. There are occasions when registrations exceed the above recommended limits and adding a classroom is not reasonable. The Committee will compensate teachers for each student over the above listed maximums. At the elementary level this compensation will be at \$3 per student, per class, per day; at the middle school level the compensation will be \$8 per student, per class, per day; and at the high school level the compensation will be at \$13 per student, per class, per day. The Committee agrees to add no more than five (5) additional students per grade level at the elementary and middle schools when using this option unless otherwise agreed to by Administration and Association leadership.
7. The pupil load and class cap exclude Band, Chorus, Freshman 101, Sophomore 102, Senior Seminar, and SOAR. Freshman 101, Sophomore 102 and Senior Seminar classes will be capped at 30.
8. Physical education grades 5-12: a full time teacher shall be assigned no more than three hundred (300) students per week, with no individual class in excess of twenty-eight (28) pupils.

9. Every effort will be made to ensure that no classroom teacher is overly burdened by composition of class load. Placements of students with Individual Education Plans will be done by a cooperative scheduling process between administrators and teachers.

10. Every effort shall be made to ensure that classes at each grade will be of approximate equal size when school begins in September. If a new class needs to be added, classes will be of approximate equal student size.

11. A Joint Committee will convene in May of 2013 to review the stipends and procedures for overage compensation.

D. Composition of Special Area Classes

1. The composition of Special Education classes shall conform to state mandates.

2. Classes containing concentrations of pupils with Individualized Educational Plans (IEP), 504 Plans that identify significant modifications to instruction, or behavior plans shall be limited to approximately fifteen (15) students per class to permit optimum learning opportunities for such pupils unless the district has provided additional resources to the class. The Association, recognizing the difficulty of using a rigid class size ratio, agrees that from time to time the optimum number of fifteen (15) may be exceeded by two (2) pupils. Pupils shall be designated disadvantaged by the Administration in consultation with appropriate specialists and the classroom teacher.

3. The composition of special area classes (such as, but not limited to, physical education, music, industrial arts, etc.) shall not exceed more than two (2) consecutive grade levels in grades 1-8.

4. In unusual circumstances this provision may be waived by the building principal if he/she deems it to be in the best interest of the student.

E. IDEA

1. All reports and plans generated by the school district as a result of IDEA or the Regulations of the Board of Regents Governing the Special Education of Children with Disabilities shall be made available to the teachers of the system in accordance with all applicable federal and state laws.

2. The Committee agrees that all information which it receives from the Federal Government or State Department of Education with regard to children with disabilities shall be made available to the teachers.

3. In the case of 1 and 2 above, the Director of Student Services shall determine the method of making such information available.

F. Lunch

Teachers shall have a lunch period equal to that of their students, but in no case less than twenty (20) minutes.

G. Meetings

When teacher attendance is required at meetings to conform with IDEA, Regents' Regulations or other district mandated issues, it is understood that the teacher shall be provided with a professional or personal day after attending said conferences and/or meetings totaling five (5) hours and thirty (30) minutes, if those meetings occur during personal planning time, lunchtime or before or after school hours. A teacher will be compensated professional time if the five (5) hour and thirty (30) minutes takes place during planning time.

A teacher will be compensated with personal time if the five (5) hour and thirty (30) minutes accumulates before or after school or during a lunch period. The teacher must keep a record, which is then confirmed by the building administrator.

H. Planning and Teaching Load

1. Elementary teachers (PreK-4) will have at least one (1) forty (40) minute consecutive professional period per day.
2. It is understood that, when a teacher in a special area is in charge of a class, the regular elementary teacher may leave the class.
3. Teachers at NPMS will have at least one professional planning period per day that will average forty five (45) minutes per day.
4. High School teachers will be assigned a maximum of five (5) classes over a two day period and will have no more than three (3) classes scheduled during one day. Secondary teachers shall not be required to teach more than two (2) unrelated academic subject matter areas.
5. All High School teachers will be assigned an advisory period which will meet once a day.
6. A joint committee made up of high school staff and high school administration will convene to discuss the advisory period structure, activities and responsibilities. The Superintendent and Union Leadership will serve in an ex-officio status to approve any recommendations of that committee.
7. High School teachers will be required to participate in a structured common planning time every two weeks. These sessions will be scheduled on a rotating basis within and across departments. The administration, consultation with the leadership team, will determine the focus and scheduling of common planning time. Every attempt will be made to assign common planning time periods on days that teachers have a two period teaching day.

I. Duties

1. Teachers at all schools shall have no morning, bus or recess duty. Teachers at the Narragansett Elementary School, hereinafter referred to as the "Elementary School," and Narragansett Pier School, hereinafter referred to as the "Pier School," shall have no lunch duty.
2. School library/media specialists and School Nurse/Teachers shall have no morning, lunch, bus, recess or regularly scheduled study halls but will be stationed at their work area to assist students.
3. High School teachers will be assigned no more than one duty period per week. Duty period assignments shall be made on an equitable, rotating basis and every attempt will be made to schedule these duty periods on days that the teachers have a two period teaching day. Teachers at the high school may volunteer to assist the administrator in the cafeteria during lunch periods in lieu of other duties. There shall be no minimum number of volunteers per lunch period.

J. Professional Periods

1. During non-teaching, professional periods it is understood that all teachers will make every effort to use this time for professional endeavors.
2. Teachers who leave the school building during professional periods shall notify the Principal's office. However, if unusual circumstances arise, the Principal has the right to request that the teacher not leave the building during said professional period.

K. Teacher Certification

1. It shall be the responsibility of the individual teacher to secure the necessary credentials and make the necessary arrangements for certification as prescribed by state law. Educators can teach in any grade level for which they are certified, regardless of the type and structure of the school.
2. All teachers must maintain certification in all subject areas to which they were appointed by the Committee beginning with teachers hired in the 2006-2007 school year.
3. The Committee agrees to actively recruit certified substitute teachers. Substitutes will be called for all positions except psychologists, guidance counselors, social workers, LEA representatives and behavior specialists at the elementary school. Substitutes for reading teachers at the elementary school will be called after three (3) consecutive days of absence. Prior to the beginning of each school year, advertisements will be placed for certified substitutes for all positions except for those noted above.

L. Other

1. Part-time teachers in special areas (i.e. PT, OT, Speech and Language) will be compensated on a ratio of the number of assignments they teach compared with the number of assignments taught by full-time special area teachers. The Committee reserves the right to review the utilization of part-time programs. If a part-time program is phased out, the part-time certified teacher in that area will be given preference for any teaching position within their area of certification. Part-time teachers working 3/4 time or more shall be provided full fringe benefits. Part-time teachers working less than 3/4 time shall receive benefits on a pro-rata basis.
2. Teacher participation in extra-curricular activities shall be voluntary.
3. Each school shall have a teachers' room which is neatly maintained and has proper lighting and suitable furniture. Office machines such as computers and copy machine shall be made available for teacher use.
4. Teachers will be consulted and informed of any room or schedule changes three (3) school days in advance.
5. It is recognized that planning is necessary when making field trip requests. Teachers shall make such requests at least two (2) weeks in advance.
6. Written agendas will be provided for all teachers at least three (3) days prior to all full staff meetings. This provision may be waived by the Superintendent of Schools in case of emergency.
7. General paging of students and teachers will be eliminated and the PA system will be used only for necessary announcements.

ARTICLE V PROTECTION

A. Teachers will immediately report in writing to the school principal all cases of assault or any injury suffered by them in connection with their employment.

B. This report will be forwarded to the Superintendent of Schools and the Committee. The Superintendent of Schools and the Committee will comply with any reasonable request from the teacher for information in its possession relating to the incident or the persons involved.

C. Workers' Compensation

1. Whenever a teacher is absent from school as a result of personal injury caused by an assault and/or accident occurring in the course of his/her employment, he/she will be paid his/her full salary. At the same time, such employees are eligible to collect workers' compensation. The individual shall be responsible for reimbursing the Narragansett School System for all payments received from the Workers' Compensation insurance relating to salary. These payments will be made as soon as the individual receives compensation, related to salary, from the insurance carrier. One third of such absence, related to Workers' Compensation time, shall be charged to his/her annual leave, i.e., one day charged for every three days of absence.

2. The Committee shall have the right to have the teacher examined by a physician designated by the Committee for the purpose of establishing the length of time during which the teacher is temporarily disabled from performing his/her duties, and the opinion of said physician as to the said period shall control.

D. The Committee will provide adequate liability insurance for teachers on field trips and in all other supervisory capacities.

E. The Committee will assume liability or provide sufficient insurance covering all school department personnel covered by this master agreement who may be involved in legal proceedings resulting from administering first aid help to children.

F. Teachers will receive prompt, written notification of pupils in their classes who have severe physical and/or emotional problems within the knowledge of the administration.

ARTICLE VI TEACHER ASSIGNMENT

A. In order to ensure that pupils are taught by teachers working within their areas of competence, teachers cannot be assigned, except within the limitations of state law and for good cause, outside the scope of their teaching certificates.

B. No later than the end of the school year, teachers shall be given the following information of their programs for the coming year:

1. Subject, grades and classes to be taught.
2. All pertinent information available at that time about special situations or unusual classes to be taught.

If changes occur during the summer, which require a change in a teacher's program, the principal, supervisor, or department head involved shall provide notification to the teacher by August 15.

No change in assignment shall result in a change in the teacher's workday except for totally unforeseen circumstances.

C. In arranging schedules for teachers who are assigned to more than one (1) school, an effort will be made to limit the amount of inter-school travel. Such teachers will be notified of any changes in their schedules as soon as practicable.

Teachers who are assigned to more than one (1) school in any one (1) school day shall be compensated for travel between buildings at the IRS Standard Mileage Rate.

D. All part-time positions such as, but not limited to, tutors, home teachers, special programs teachers, adult education teachers and similar positions that may arise, shall be posted with job specifications or descriptions. Teachers in the Narragansett School System shall receive first preference for such positions.

Any Narragansett teacher not chosen shall receive a written statement of reasons from the appropriate principal or administrator within five (5) school days of the appointment.

E. Teachers who attend conferences approved by the Principal and Superintendent of Schools will be reimbursed for travel and conference fees from the school budget for school priorities and from the system budget for system-wide priorities.

ARTICLE VII PERFORMANCE EVALUATION

A. Performance Evaluations shall be conducted in a fair and equitable manner and in accordance with the procedures developed by the District Evaluation Committee as long as those procedures align with the Rhode Island Model of Teacher Evaluation developed by the Rhode Island Department of Education. The parties agree that the procedures may be amended by the District Evaluation Committee from time to time as long as they are in compliance with the Rhode Island Model described herein.

B. Any complaints regarding a teacher, made to the Administration by any parent, student, or other person, will be promptly called to the teacher's attention in privacy. Similarly, teachers are to register complaints in privacy.

C. No teacher will be disciplined, reprimanded, reduced in rank or compensation, or deprived of any professional advantage without just cause and in privacy.

D. Reference from outside sources secured with regard to initial employment, and for advancement, shall not be subjected to examination and reproduction by the teachers.

E. Teachers will not have a role as evaluators in the Performance Evaluation process.

ARTICLE VIII DEPARTMENT CHAIRPERSONS AND TEACHER LEADERS

A. Stipend

Department Chairpersons shall receive \$5000 annually. Teacher Leaders shall receive \$3000.

B. Duties

Department Chairpersons will have no extra duties.

C. Job Descriptions

Job Descriptions outline the expectations of each position.

D. If the need arises and Administration and the Association agree, a committee may review and revise the qualifications and duties of Department Chairpersons and Teacher Leaders. There shall be representation from Administration, members currently in these positions, Association leadership and members of the teaching staff.

E. No person assigned to extra-duty position shall acquire tenure in that position.

ARTICLE IX PERSONNEL FILES

The following principles shall apply in keeping of teacher personnel files:

A. No material shall be placed in the file unless the teacher has had the opportunity to read the material. The teacher shall acknowledge that he/she has read such material by affixing his/her signature on the actual copy to be filed, with the understanding that such signature merely signifies that he/she has read the material to be filed, but does not necessarily indicate agreement with its contents.

B. The teacher shall have the right to answer any material filed and his/her answer shall be attached to the file copy. A copy of the teacher's answer will be submitted to the Superintendent of Schools simultaneously for filing.

C. The teacher, upon request and during regular office hours, shall be permitted to examine his/her file. This inspection shall be in the presence of the Superintendent of Schools or his/her designee.

D. The teacher shall be sent a copy of all the material placed in his/her file.

ARTICLE X VACANCIES, TRANSFERS AND PROMOTIONS

A. Vacancies

1. Vacancies shall be defined as:

- a. the creation of a new position;
- b. a position created by the promotion, resignation or retirement of a teacher; or
- c. an opening which no member of the bargaining unit is on a one (1) year leave and expected to return.

2. In order to qualify for a vacancy, the teacher must have the required certification(s) and meet the qualifications as determined by the Superintendent of Schools as listed on the posting for the vacancy. A review of the teacher's evaluations will be part of the selection process. Seniority will be the deciding factor when all indicators are equal.

3. All vacancies in new and/or existing teaching positions and/or promotional positions shall be published by a written notice and posted on the Narragansett School System human resource system. A notice shall be sent to the Association President and copies of the notice shall be posted in every building. No vacancy shall be filled permanently until notice of such vacancy shall have been posted as far in advance as possible before the final date when applications must be submitted and in no event, less than two (2) weeks before such date. Bargaining unit members are considered first. If internal candidates do not meet the criteria, external candidates will be considered.

4. Qualifications and other pertinent information shall be set forth in notices of such vacancies.

5. The Superintendent of Schools shall make a diligent effort to identify and fill all vacancies prior to the commencement of the school year.

6. When a vacancy occurs after the commencement of the school year, but prior to October 15, which results in the reinstatement of a position held by a teacher displaced the previous school year, said displaced teacher shall have the option to voluntarily transfer to her/his former position. All other vacancies occurring after the commencement of the school year shall be filled according to the procedure set forth in Article X.A.7. below.

7. Temporary Appointments

When a vacancy occurs after the commencement of the school year and is not filled in accordance with the procedure provided in Article X.A.5., above, the Superintendent of Schools shall be allowed to fill said vacancy by a temporary appointment according to the following procedure:

a. Said position shall be filled on a permanent basis as part of the Job Placement Process at the end of that school year. A temporary appointment shall be made through the end of the current school year.

b. Part-time teachers with appropriate certification shall have the first option to fill such temporary vacancies through the end of the school year. If no permanent, full time position is available, a part-time teacher appointed to fill a temporary vacancy will return to her/his former position held prior to filling the temporary vacancy.

c. In the event there is no part-time teacher with the appropriate certification available, a teacher with the appropriate certification on the recall list may fill a temporary vacancy, in accordance with the Agreement and the Recall Memorandum. In the event a part-time teacher or the recall procedure does not fill the temporary vacancy, it shall be filled by employment of a temporary new hire.

8. For those vacancies which are not filled in accordance with the procedure outlined in Article X.A. or B., a screening committee shall be established.

9. Vacancies do not occur as the result of a rescinded layoff notice.

B. Part Time Positions

1. A part time position shall be described as a position which exists for either less than a full day, or exists for less than a full week (i.e. three (3) full days per week only – 3/5th).

2. There are occasions when a part time position is changed to a full time one. Such changes usually occur between the end of one school year and the beginning of the next school year.

3. Any part time position which is changed to full time shall be posted and filled in accordance with Article X of this Contract. However, the holder of the part time position, if displaced, must be assigned to a position in accordance with the Contract if one is available (i.e. by either voluntary or involuntary transfer).

C. Voluntary Transfers

1. Except as provided in Article X a transfer shall be defined as:

- a. from one grade to a different grade at the elementary school;
- b. from one area of certification to a different area of certification;
- c. from one building to a different building.

2. Voluntary transfers will be handled through the Job Placement Process.

3. It is understood by and between the parties that elementary special education teachers must be assigned so as to conform to state and federal requirements. Special education teachers are assigned to a particular school building, but not to any particular grade or level. Likewise, special subject teachers and content teachers in Grades 7-12 are assigned to a building by content area but not a particular grade or level.

4. The procedures outlined in Article X.A. and B. shall be followed except in the following areas:
 - a. Any teacher who has less than three (3) years experience in Narragansett shall not be eligible to voluntarily transfer pursuant to Article X unless approved by the Superintendent of Schools.
 - b. A teacher who is currently under a plan of assistance as a result of the evaluation process pursuant to Article VII shall not be eligible to voluntarily transfer pursuant to Article X unless approved by the Superintendent.
 - c. A teacher will not be allowed to transfer voluntarily to any of the following positions unless said teacher meets the special qualifications of that position as outlined in the job description. Qualifications will be determined by the Superintendent of Schools. In the event that the request is denied, the applicant shall receive written notice of reasons for the denial from the Superintendent of Schools.

- (1) Computer Technology
- (2) Behavior Specialist
- (3) Enrichment Teacher
- (4) Literacy Coach
- (5) Math Coach

D. Involuntary Transfers

1. When involuntary transfers are necessary, a teacher shall not be assigned to a position outside his/her area(s) of certification. Teachers transferred involuntarily shall be transferred only to a comparable position.
2. Notice of proposed involuntary transfers shall be given to the teachers involved immediately upon knowledge of such transfers.
3. An involuntary transfer shall be made only after a meeting between the teacher involved and the Superintendent of Schools or designee, after which time the teacher shall be notified of the reasons for the transfer in writing.
4. Under no circumstances may a teacher be involuntarily transferred arbitrarily, or for unsubstantiated disciplinary reasons.
5. Normally, no involuntary transfer shall be implemented subsequent to the first day of school of the school year in which the transfer is to become effective.

In emergency situations transfers may be made by the Superintendent of Schools after communication with the Association President.

6. All vacancies shall be filled by voluntary transfers whenever possible.
7. When qualifications are equal in the judgment of the Superintendent of Schools, the teacher with the least seniority will be transferred.

E. Promotional Vacancies

1. Promotional positions are defined as follows: positions within the bargaining unit paying a salary differential.

2. Teachers who desire to apply for such vacancies shall submit their applications in writing to the Superintendent of Schools or his/her specified representative within the time limit specified in the notice.
3. Candidates shall be recommended on the basis of qualifications as determined by the Superintendent of Schools, for the position. Where qualifications are equal, seniority in the Narragansett School System shall prevail.
4. Upon written request, a teacher who has not been appointed to a promotional position for which he/she has made application shall have the right to request a meeting with the Superintendent of Schools to discuss the reasons why he/she was not appointed.

F. Procedural changes to this article required because of BEP regulations (Basic Education Program Regulations of the R.I. Board of Regents for Elementary and Secondary Education) will be jointly developed by the Association and the Superintendent of Schools or his/her designee.

ARTICLE XI SENIORITY, LAYOFF, RECALL

To the extent permissible by law, the parties hereto recognize and accept the principal of seniority in all cases of layoffs and recalls.

A. Seniority

1. Seniority is defined as the length of teaching service and/or approved leave of absence within the Narragansett School System. Seniority does not accrue during a period of layoff. Seniority shall commence as of the day a teacher is appointed by the Committee provided, however, that in the event a teacher is appointed to a position after having begun service in the same position, said teacher's seniority shall date from his/her first day of service.
2. If the initial seniority date is the same for two or more teachers, seniority shall be determined by drawing lots. The lots shall be administered by the Superintendent of Schools, with the Association President drawing the names. The affected teachers shall be present when the lots are drawn.
3. On or before November 15th of each year, the Committee shall publish a system wide seniority roster which will be posted in each school. If a teacher questions his/her position on the roster and it cannot be resolved informally, the dispute shall be referred to the grievance procedure.
4. Seniority shall terminate upon:
 - a. Resignation;
 - b. Discharge for cause;
 - c. Failure to return to work upon expiration of a leave of absence;
 - d. Refusal to accept recall pursuant to C5;
 - e. Failure to maintain certification.

B. Layoffs/Displacement

Displacement occurs when there has been the elimination or reduction of a grade level, course selection or program. Layoffs shall be in inverse order of seniority within the areas of certification affected by the layoff. In these situations, to avoid layoff, a senior teacher shall displace the most junior employee in the bargaining unit in which he/she holds certification.

C. Recall

1. Any teacher laid off pursuant to this section shall have the right to recall in order of seniority, provided such person was not hired as a one-year temporary replacement for a person on leave. The person recalled must meet the vacancy requirements as listed in Article X. A. 2.
2. The right to recall extends to teaching vacancy in an area in which the laid off teacher is certified at the effective date of layoff.
3. No vacancy shall be posted pursuant to Article X until all teachers on layoff, who have the right to recall to such vacancy, have been offered recall in order of seniority, pursuant to section C4.
4. When the Committee intends to fill a position for which a laid off teacher is eligible, the Superintendent of Schools shall notify said teacher by certified mail, return receipt requested, at the last known address. The teacher will notify the Superintendent of Schools in writing of his/her intent to accept or reject the position within a period of fourteen (14) calendar days after receipt of notification.
5. If a notified teacher refuses to accept the position offered, or fails to respond to such notification within the above time limit, such teacher will lose all rights under this provision. Should this occur, the Superintendent of Schools will then notify the teacher with the next highest seniority in the area of certification of such vacancy, and the same procedure will apply.
6. Full time teachers shall not forfeit seniority standing by acceptance or refusal to accept recall to part-time employment.

8. A teacher may elect or reject recall to a position if the position which he/she is offered is for a shorter duration than the length of his/her original appointment.
9. The termination of seniority also prohibits the teacher from being placed on the recall list.

D. Procedural changes to this article required because of BEP regulations (Basic Education Program Regulations of the R.I. Board of Regents for Elementary and Secondary Education) will be jointly developed by the Association and the Superintendent of Schools or his/her designee.

ARTICLE XII LEAVES OF ABSENCE

The Provisions of the Federal and State Family and Medical Leave Law will apply. (Reference: U.S. Department of Labor Employment Standards Administration Wage and Hour Division, W.H. Publication 1477, July 1993.)

A. Absences Due to Personal Illness

1. Full pay for personal illness of regularly employed teacher or members of his/her immediate family, as defined in Article XII, E, on the basis of fifteen (15) days per year cumulative to one hundred and fifty (150) days will be allowed. If subject to quarantine by order of the Health Department, there shall be no loss of salary nor shall the time lost be deducted from sick leave. If illness is over three (3) consecutive school days, certification from a doctor may be requested by the Superintendent of Schools. The Association agrees that malingering shall not be condoned. Unusual cases will be handled individually by the Superintendent of Schools and the Committee.
2. Teachers shall receive written notification of their accumulated sick leave status at the beginning of the school year.

3. In addition to any accrued sick leave, all full-time teachers (.75 or above) will be credited fifteen (15) sick days in September of each year. All part-time teachers (.7 or below) will be credited with a pro-rated number of sick days. A teacher on sick leave shall first use accrued sick days; however, if these days are exhausted, the teacher will draw on the sick days credited for the current school year. A teacher employed after the start of the school year will be credited with a pro-rated number of sick days.

4. A teacher on leave, other than sick or maternity leave, will not accrue sick days. In the event that the teacher's employment terminates during the school year, and at that time of such termination his or her sick leave account has been overdrawn, the final salary payment to the teacher will be reduced by the amount paid for such overdrawn sick days.

5. Abuse of sick time or use of unauthorized leave may result in pro rata loss of pay or other discipline.

6. The Association will determine procedures and policy regarding donation of sick days to members who are absent due to a major illness, injury or accident. The Committee will administer the procedures that are developed.

7. In no event may an individual be allocated more than one hundred and eighty (180 days) by members of the collective bargaining unit related to any one illness, injury or accident.

8. There shall be a maximum cap of two years allowed under this provision. Any request for an extension of this cap may be made to the Committee.

Immediate family is hereby defined as: son, daughter, husband, wife, brother, sister, father, mother, grandchild, or any member of the teacher's household. Further, each teacher may be absent for two (2) days without loss of pay due to the death of his/her mother-in-law, father-in-law, brothers-in-law, sisters-in-law, or grandparents. Any absence because of death in immediate family shall be recorded with the Building Principal and submitted to the Superintendent of Schools.

C. Absence Due to Court Leave

Should a teacher be called for jury service, or be summoned for court, in which the personal interest of the teacher is not involved, he/she shall be paid his/her regular salary and the days discharged as court days. If a teacher is summoned to court on a personal matter, he/she shall discharge personal or sick time. If the teacher does not have any available days to discharge, he/she must take leave without pay.

Personal days may not be used prior to or immediately following a holiday or vacation without the permission of the Superintendent of Schools. Unused personal days will be added and accumulate to the individual teachers' sick bank and credited at the end of each school year.

2. The Superintendent of Schools may permit members of the professional staff an additional day of absence each school year for emergency purposes.

3. Said temporary leaves of absence may not be charged as sick leave or become cumulative.

4. Extended vacations and/or unauthorized leave shall result in loss of pay equal to the number of unauthorized days multiplied by the daily rate of the individual teacher.

5. Military Leave

- a. When requested, the Committee shall grant a professional employee leave of absence for required military training not to exceed ten (10) school days in any calendar year. Such employee shall receive the difference between his/her teacher salary and the salary earned while on duty.

Upon return from such leave, a teacher will be placed on the salary schedule at the level he/she would have attained had he/she remained actively employed in the system during the period of his/her absence up to a maximum of two (2) years. All benefits to which a teacher was entitled at the time of commencement of his/her military leave, including unused sick leave will be restored to him/her upon his/her return.
- c. Any teacher called to emergency military duty shall be granted a leave of absence for the period under military jurisdiction. Such teacher shall receive the difference between his/her teacher salary and the salary earned while on such duty, limited to a period of not more than ten (10) school days subject to extension at the discretion of the Superintendent of Schools.

E. Absences Due to Serious Illness Within the Immediate Family

1. Reasonable leaves, without loss of pay, shall be granted in cases of serious illness within the immediate family. Immediate family is hereby defined as: teacher's mother, father, husband, wife, son, daughter, or any member of the teacher's household.

The understanding of the parties is that the language contained in this article, Immediate Family, "any member of the teacher's household. . ." while not specifically defined in this Contract, is meant to include such individuals as: significant others and those for whom the teacher has substantial financial or familial responsibility. This term is not meant to include those persons whose relationship is casual or transient.

F. Maternity Leave

The teacher must notify the Superintendent of Schools in writing of her pregnancy as soon as possible but not later than thirty (30) days prior to said leave and inform the Superintendent of Schools in said notification of the estimated date given by her doctor at which her disability will prevent her from performing her teaching duties. The teacher must also notify the Superintendent of Schools after the termination of the pregnancy of the estimated date given by her doctor at which she will be able to return to her teaching duties.

While absent on maternity leave the teacher shall be entitled to utilize all of her sick leave. If the maternity leave extends beyond the number of days sick leave accumulated by the teacher, then the remainder of the maternity leave shall be without pay; however, fringe benefits will continue to be paid by the Committee. The teacher must return from maternity leave as soon as she is physically and/or psychologically able to perform her duties as a teacher.

G. Parental Leave

In addition to maternity leave, the teacher may elect to take unpaid parental leave. The teacher taking such leave may select one (1) of the following options:

1. A maximum six (6) weeks unpaid leave, following maternity leave, to commence after sick leave is exhausted. The teacher's return must commence with the beginning of the nearest school term within the six (6) week period.
2. A leave to extend to the following September.
3. A leave to extend to the second September following the birth or adoption.

11. The candidate may reapply annually if not first accepted.
12. A candidate that has been on sabbatical leave under the provisions of this Article may be eligible again after seven (7) years from the date of the last leave terminated.
13. As a safeguard, both to the teachers and to the Committee, should a teacher who has been granted a sabbatical leave fail to accept it, he/she then shall forfeit the right to sabbatical leave for three (3) school years.

A. The Committee shall provide during the term of this agreement, for all professional personnel of the Narragansett School System and their families, a comprehensive medical care plan and dental plan equivalent to the plans in effect at the time of the execution of this agreement (Blue Cross Healthmate Coast to Coast and Delta Dental Premiere National Coverage).

B. A Benefit Summary sheet will be provided to members outlining the details of the plan each year.

C. The Committee agrees to continue the purchase of a dental rider which will permit students to the age of 23 to continue coverage.

D. Teachers may elect another health plan of their choice. However, the teacher shall pay any premium cost in excess of medical coverage being offered by the Committee.

E. Each member covered under the terms of this agreement will pay a co-payment for health benefits equal to 10% of the cost of the premium in year one (1) of the contract; 15% of the cost of the premium in year two (2) of the contract; and 20% of the cost of the premium in year three (3) of the contract. These payments are based on a 1.0 FTE and will be prorated for individuals at the same rate as the FTE for which they are hired. If the premium cost is projected to increase more than 10% in a given year, a joint committee made up of the Superintendent of Schools, the Director of Finance, the Association President, and/or their designees, will convene to discuss alternative options within the health plan and/or to explore other options to keep the premium cost increase at or below 10%. A working rate from a third party healthcare provider will be obtained for verification purposes.

F. The Committee will pay for each teacher the full premium cost for term life insurance coverage in the amount of forty thousand dollars (\$40,000).

G. Teachers will be eligible to participate in a "tax sheltered" annuity plan in accordance with procedures mutually acceptable to the Committee and the Association.

H. The Committee will permit retired teachers to continue in the group Blue Cross and Delta Dental Plan 65 or their equivalent plans by paying premiums through the Town of Narragansett.

	Individual	Family
Dental	\$127.00	\$376.00
Medical	\$932.00	\$2784.00

2. Employees who opt for the buy-back provision shall inform the Superintendent by September 15th of each school year.

3. Payment shall be in a separate check in two (2) equal installments (December and June).

Reimbursement shall be by regular and equal payroll deductions and shall be repaid in total prior to the next enrollment period.

L. Health Care Retirement Clause

Teachers with a minimum of ten (10) years teaching experience in the Narragansett School System will, upon their retirement, receive post-retirement health care benefits in accordance with Schedule A in the Appendix of this agreement. In addition the following limitations apply:

1. Teachers shall be eligible to receive up to forty-eight (48) months of a single plan of health care insurance upon retirement. Such benefits shall be provided to retirees on the same terms and conditions as such benefits are provided to actively employed teachers; provided, however, that no retiree who receives health insurance under this Article shall be obliged to pay any portion of the health insurance premium during the period in which they receive such retirement health insurance benefits. The value of this deferred benefit shall be established at the date of retirement.

2. Teachers may elect to defer commencement of such coverage for a period of no more than five (5) years. Teachers who defer this benefit shall pay the difference between the established cash value as defined in section 1 (above) and the cost of the elected health care plan. In the event that a member who had deferred coverage is prohibited from re-enrolling (including any prohibition of re-enrollment by

the health insurer), the district agrees to pay the teacher the value of coverage established under subsection 1 (above). The value shall be established at the date of retirement.

Example: Teacher A retires on June 30, 2007, defers commencement of healthcare coverage until June 30, 2011 and is prohibited from re-enrolling by insurance regulations or carrier policy. The district will pay the individual the value of four years single plan health care. Assuming the value on June 30, 2007, of a single plan for one year was \$5000, the district would pay the teacher \$20,000.

3. In the event the coverage should cease before the forty-eight (48) months benefit is exhausted, the district agrees to pay the cash value of the balance. The value shall be that established as of the date of retirement.

Example: Teacher A retires on June 30, 2007, defers commencement of health coverage until June 30, 2011 and is re-enrolled for two years, but thereafter, prohibited by insurance regulation or carrier policy from continuing coverage. The district will pay the individual the value of two years single plan health care. Assuming the cash value on June 30, 2007, of a single plan for one year was \$5000, the district would pay the teacher \$10,000.

4. The provisions of this section shall be consistent with any and all state and federal laws. To the extent that any of the provisions of this section are prohibited by any state or federal law, the district agrees that the district shall provide a payment to retirees upon retirement an amount equal to forty-eight (48) months of a single plan of health care insurance, the value of which is established on the date of retirement, minus the value of any coverage already provided under subsections 1, 2, and 3 (above).

The Committee's decision on appeal is final and binding and not subject to the grievance procedure under this Contract.

b. To receive tuition reimbursement for courses approved as aforesaid, a teacher must successfully complete the course. In graded courses he or she must pass with a grade of B (or its equivalent) or better.

c. Teachers, following receipt, shall promptly submit grade reports, or official transcripts for graded courses or proof of completion for ungraded courses, to the Superintendent of Schools.

2. Tuition reimbursement will be in an amount equal to fifty percent (50%) of the cost of the course. This amount is not to exceed 50% of the cost of a three (3) credit graduate course at the University of Rhode Island. Teachers are eligible for one course reimbursement per year.

3. All courses must be preapproved by the Superintendent of Schools.

4. Application for tuition reimbursement for first semester courses must be received no later than September 25th, for second semester courses by February 1, and for summer courses by July 10. Reimbursement for online courses should be submitted within two (2) weeks of enrollment.

5. \$8,000 shall be available for annual tuition reimbursement as specified in section 3.
6. Application for approval received as of each of the application deadlines as specified in section 4 shall be prioritized as follows:
 - Priority 1: Degree courses or non-degree courses taken in teaching field.
 - Priority 2: Courses taken which are a specific outgrowth and recommendation from a primary evaluator following a teacher's performance evaluation, within two (2) years of said evaluation.
 - Priority 3: Certificate renewal courses not necessarily in a graduate program.
7. No teacher who has received notice of suspension or non-renewal shall be eligible for tuition reimbursement except for courses for which application was made and approved prior to such notice.
8. Teachers earning credit in fall or spring semesters will be reimbursed within forty-five (45) days of submission of evidence of satisfactory completion of the course work to the Superintendent. A teacher who fails to submit satisfactory evidence as outlined in 1.c. of this Article within the forty-five (45) days indicated, forfeits the right to reimbursement.
9. Teachers earning credit in the summer shall be reimbursed within forty-five (45) days of submission of the documentation required in section 1.c. above, and only if continuing in the employ of the Narragansett School System.

D. It is recognized that the negotiation and administration of this agreement entails expenses which should be appropriately shared by all teachers who are beneficiaries of said agreement. To this end, if a teacher does not join the Association in accordance with the Constitution and By-laws, and/or execute an authorization for dues deduction, such teacher will, as a condition of employment by the Committee, execute authorization for a deduction of a sum as certified by the Executive Director of the National Education Association Rhode Island to the Committee on or before August 15 of each school year, which sum will be forwarded to the Association. Such sum will not exceed the annual membership fee of the NEAN/NEARI/NEA but will be deducted in the same manner as a regular member.

A. Definition

1. A "grievance" is a claim based upon an event or condition which affects the welfare and/or condition of employment of a teacher or group of teachers and/or the interpretation, meaning or application of any of the provisions of this Agreement or any subsequent agreement entered into pursuant to this Agreement.
2. An "aggrieved person" is any person or group of persons within the bargaining unit making a claim under this Article.
3. A "party in interest" is an aggrieved person within the bargaining unit who might be required to take action or against whom action might be taken in order to resolve the claim, and the President or his/her designee.

B. Purpose

1. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems which may, from time-to-time arise affecting the welfare or the working conditions of teachers. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.
2. Problems and misunderstanding should be settled promptly and satisfactorily on an informal basis at the immediately involved supervisory level without becoming formal grievances. The prompt settlement of these problems at all steps is desirable and in the interest of sound professional relationships, provided the remedy does not violate this Agreement. However, should such informal processes fail to satisfy the aggrieved person, then the grievance will be processed as follows:

C. Procedure

Since it is important that the grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as a maximum, and every possible effort should be made to expedite the process. The time limits contained in this Article may be extended by mutual agreement.

In the event a grievance is filed which might not be resolved finally at Level Four under the time limits set forth herein by the end of the school year and could result in irreparable harm to a party in interest, the time limits set forth herein will be reduced if at all practicable so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as possible. During the summer all references to school days shall be read as calendar days.

It is agreed that where the immediate supervisor is the Principal, Levels One and Two may be combined to expedite the grievance process. A grievance that cannot be resolved by the Principal at Level One or Two may be filed at the Level at which it may reasonably be resolved, i.e., Level Three.

1. Level One:

A teacher with a grievance will first discuss it with his/her Principal or immediate supervisor, either directly or through the Association's representative, with the object of resolving the matter informally, or file the grievance at Level Two.

Except for class action grievances, the grievance must be presented in writing within thirty (30) calendar days from the date the grievant knows or should reasonably have known of the event given rise to the grievance. The grievance shall be answered within five (5) school days after a hearing.

Class action grievances must be presented in writing within thirty (30) calendar days from the date that the Narragansett Teachers' Association President knows or should reasonably have known of the event giving rise to the grievance.

2. Level Two:

a. If the aggrieved person is not satisfied with the disposition of his/her grievance at Level One, he/she may file the grievance in writing with the President of the Association within five (5) school days after the decision at Level One or ten (10) school days after the grievance is presented, whichever is sooner. Within five (5) school days after receiving the written grievance, the President will refer it to the Principal.

b. The Principal will represent the Administration at this level of the grievance procedure. Within five (5) school days, the Principal will meet with the aggrieved person and the President in an effort to resolve it. The Principal will render a decision in writing within (5) school days.

3. Level Three:

a. If the aggrieved person is not satisfied with the disposition of his/her grievance at Level Two, he/she may file the grievance with the President within five (5) school days after the decision by the Principal, or ten (10) school days after he/she has met with the Principal, whichever is sooner.

b. Within five (5) school days after receiving the written grievance, the President will refer it to the Superintendent of Schools or his/her designee. The Superintendent of Schools or designee will hold a hearing within five (5) school days and provide the president with a written decision within ten (10) school days after the hearing.

4. Level Four:

a. If the aggrieved person is not satisfied with the disposition of his/her grievance at Level Three, the President will refer it to the Committee within fifteen (15) school days after receipt of the Level Three decision by the Association President. The Committee will hear the grievance prior to their next regularly scheduled meeting and provide the President with a written decision within fifteen (15) school days after the hearing.

b. Any party in interest shall have the right to appear before the Committee and be heard in executive session.

5. Level Five:

a. If the aggrieved person or the Association is not satisfied with the disposition of the grievance at Level Four, the aggrieved person may submit the matter to arbitration in the following manner:

b. Appeal for Arbitration in accordance with the rules of the American Arbitration Association shall be within fifteen (15) school days of receipt of the Committee's Level Four decision by the President of the Association. The decision of the Arbitrator shall be final and binding upon the parties. The expense of the arbitration shall be borne equally by the parties.

D. Rights of Teachers to Representation

1. No reprisals of any kind will be taken by the Committee or by any member of the Administration or by the Association against any party in interest, an Association Representative, or any other participant in the grievance procedure by reason of such participation.

2. Either party in interest may be represented at all stages of the grievance procedure by a person of his/her own choosing, except that teachers may not be represented by a representative or an officer of any teacher organization other than the Association. The Association will be represented at all grievance hearings from Level Two through Level Five.
3. The Committee and the Association shall not be permitted to assert in Level Five, any ground or to rely on any evidence not previously disclosed to the other party.

E. Miscellaneous

1. If in the judgment of the President, a grievance affects a group of teachers, the President, after discussing the grievance with the immediate supervisor, may submit such grievance in writing directly to the Superintendent of Schools and the processing of such grievance will commence at Level Three.
2. Decisions rendered at Levels One, Two, Three and Four of the grievance procedure will be in writing setting forth the decision and the reasons therefore and will be transmitted promptly to all parties in interest and to the President.
3. All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants.
4. Forms for filing grievances, serving notices, taking appeals, making reports and recommendations and other necessary documents will be jointly prepared by the Superintendent of Schools or designee and the Association and will be reproduced and given appropriate distribution by the Superintendent of Schools or designee so as to facilitate operation of the grievance procedure.
5. The Association and the Committee agree to make available to each other and to any grievant and/or his/her representative all information not privileged under law in its possession or control and which is relevant to the issues raised in the grievance.
6. Reference to the President in this Article shall mean the President or his/her designee.
7. If the Committee or their designees do not render a decision within the prescribed time limits, the grievance shall be permitted to proceed to the next level.
8. Unless requested to do so by the teacher in question, any documents, communications and records dealing with the processing of a grievance will be kept in strictest confidence by all parties involved, and will not be made available to potential employers or others inquiring about said teacher.
9. Any grievance filed shall state the Article or provision allegedly violated as well as the remedy requested. Grievances will be signed by the grievant and the President.

4. An invitation to the community will be presented through the Committee and the various publications.

5. The Professional Development Committees shall solicit (e.g. through a needs assessment) staff input to be utilized in the decision-making process.
