**REPORT OF THE COMMITTEE ON APPROPRIATIONS  
TOWN OF BARRINGTON  
FINANCIAL TOWN MEETING—MAY 28, 2014**

Good evening residents of Barrington. There are five topics to be reviewed and decided on tonight: a bond to fund the Village Center Connectivity Plan; the school budget; the municipal budget; the capital budget; and the car tax.

Should you vote to support the recommendations of the Appropriations Committee, the property tax rate will increase by 0.33% over last year. The rate per \$1,000 of assessed value would increase from \$18.20 to approximately \$18.26 (which is customarily rounded up to the nearest nickel, bringing the rate to \$18.30, a 0.55% increase). The median price homeowner would experience approximately a \$22 increase in their annual tax bill (based on \$18.26). The proposed tax levy will increase by \$177,328 to \$56,285,217. And, an increase to the motor vehicle tax exemption will be marginally favorable for most taxpayers.

#### Village Center Connectivity Plan

The Planning Board, in agreement with the Town Council, is proposing a project to enhance the Village Center as described in agenda item 5. This area, generally bounded by Maple Avenue to Waseca, and County Road to West Street, will receive improvements to the Town roads and sidewalks as well as signage and other enhancements intended to create a uniform feel and boost commerce. A bond or note in an amount not to exceed \$1,600,000 is proposed for this project. This appropriation, if approved tonight, will increase the debt, but not affect the FY15 budget. A \$1.6 million bond will cost approximately \$120,000 per year for 20 years. Since this proposal was brought before Appropriations too late in the budget cycle, we agreed to bring this issue before the Townspeople and judge it on its merits at the FTM. There is no consensus from the COA on this issue.

#### Schools

The COA recommends an increase to the current school budget of \$1,038,000. This will raise the FY15 School budget to \$46,375,464. This represents a 2.29% increase over the prior year. Because of an increase in state aid, this represents only a 0.59% increase to taxpayers. This increase will assure the implementation of All-Day Kindergarten; fully support implementation of initiatives aligned with the Strategic Plan; fund increased pension contributions; and, fund increases to salary and benefits as defined by the 3-year contract negotiated with NEA Barrington last year; as well as other general increases in operating expenses. We congratulate Mike Messoro and his staff for finding new efficiencies in the management of their budget.

#### Municipal

The COA recommends an increase to the Municipal budget of \$284,689, an increase of 1.67% over the prior year. This will raise the FY15 Municipal budget to \$17,316,757.

Town administration continues to deliver excellent services while keeping a tight rein on costs, as evidenced by the 3-year average budget increase of 0.59%. We congratulate Peter DeAngelis and his staff for being responsive to taxpayer angst in these trying fiscal times.

#### Capital

The Capital Improvement Program Subcommittee of the Town Planning Board recommended spending of \$925,500 for capital expenditures next year. As usual, this committee has made prudent recommendations that maintain an appropriate level of safety and maintenance required to keep the town operating properly. This year the COA made one addition and one subtraction from the recommended capital budget: we removed the request for \$250,000 to begin the Village Center Connectivity Plan, and we added the \$275,000 request for Technology from the Schools. All other elements of the proposed Capital Program were approved by COA. So, the COA recommends a Capital budget of \$950,500, a slight increase over last year.

The Capital Improvement Subcommittee has identified three major projects for bonding in future years: Library Renovation - \$1,200,000 (FY16); Replacement of Middle School - \$36,175,000 (FY17); and Brickyard Pond Storm Water TMDL - \$2,520,000 (FY19). These will impact future tax rates. 5

## Motor Vehicle Exemption

As you may know, you are taxed on the average retail book value of your motor vehicles. The rate charged to Barrington residents on their cars is \$42 per \$1,000 of the book value, among the highest rates in the State. Until 2011, the State reimbursed to the Town all taxpayers' liability on any vehicles valued at less than \$6,000. In effect, the value of your vehicle was reduced by \$6,000 for tax purposes. In 2011, the State reduced that exemption from \$6,000 to \$500. The COA increased that exemption by \$500 to \$1000 per vehicle in 2013. The COA is recommending again this year to increase the exemption by another \$500 to \$1,500 per vehicle. This change will further ease the tax burden of residents with older cars. The decrease in the collections from this tax will increase slightly the taxes collected on other forms of real property.

## Conclusions

We have a well-run town. The operating budgets are realistic and responsible. By holding the increase to the tax rate to 0.33%, we are being responsive to taxpayers during this difficult fiscal time while maintaining a high level of service and supporting our excellent schools. The School Funding Formula has been providing continued increases in State aid to our schools. This much appreciated relief was overdue, but the increases will be ending soon. And, the decreasing student population will result in an adjustment to that aid. We need to prepare for that day. We also need to prepare for a new Middle School. This is a BIG ticket item that will add about \$2 million per year to the annual budget for 20 years.

We must be cognizant of the fact that we are part of a state that is facing some serious fiscal challenges. The pension reform court challenge could change everything by increasing dramatically our pension payments while at the same time reducing State aid. To state the obvious, we hope that this issue is resolved amicably.

Lastly, our town has the good fortune to have a Town Council, a School Committee, and an Appropriations Committee. Like a three-legged stool, it creates a sturdy foundation, and a perfect counterbalance.

Respectfully submitted,
