# City of Warwick General Fund 2014-2015

Scott Avedisian, Mayor

ON THE COVER: Scenes from the recent restoration of City Hall. Constructed in 1893 by William R. Walker and Son. it is the centerpiece of historic Apponaug Village and an excellent example of Colonial Revival architecture. The building is listed on the National Register of Historic Places.

Time and weather eventually took their toll on the building's bell and clock tower, and restoration offorts were essential. With funding in part by a Save America's Treasures Grant, administered by the National Park Service, Department of the Interior, a grant from the Rhode Island Historic Preservation and Heritage Commission, and funds from a voter-approved bond, work to restore the building began in July 2013. E.F. O'Donnell and Sons, experts in historic preservation work, was selected as the general contractor for the project.

Restoration efforts included installation of a new copper roof and tin ceiling, the gilding of new roman numerals, minute markers and the hands on the clock face, installation of new balustrade over the portico, replacement of 12 decorative ums that were removed during renovations several decades ago, and the installation of flower boxes on the front of City Hall. The project also entailed cleaning and repairing the front façade, repointing and replacing bricks, painting and repairing the comice, columns, and front door, painting, cleaning and debugging the clock and bell tower, cleaning and repairing the granite steps, and installing new railings and a granite city seal in the restored front plaza.

The broken bell wheel has been replaced with a new mahogany wheel, and new lighting provides a dramatic background of the tower in the evening. Repairs to the historic clock mechanism mean that bells chime throughout the village every hour, signaling a connection between Appenaug's past and its bright future.

# Mayor Scott Avedisian Fiscal Year 2015 Budget Address May 17, 2014

TO THE HONORABLE, THE CITY COUNCIL AND THE PEOPLE OF THE CITY OF WARWICK:

Thanks to the ongoing cooperation of our union members and management and careful stewardship of our finances, the City of Warwick's fiscal health, particularly in recent years, has been better than that of many Rhode Island municipalities.

There have been a number of positive developments in our community. The City has posted surpluses in 13 of the past 14 fiscal years, we maintain the second highest bond rating for a city in Rhode Island, and a recent report issued by the our pension portfolio manager showed that, as of December 31, 2013, the average market rates of return for the city's plans – which were already performing higher than benchmarks – improved significantly over the prior year. A report by the city's actuarial firm, which analyzed our three public safety pension plans, likewise shows they continue to trend in a positive direction. In fact, the 2010 pension reform has already had a positive effect on the Fire II plan, lowering the contribution level by close to two percent (2%) from the previous valuation, and, with the Tier II benefit provisions for new hires in the City's Fire II and Police II pension plans, the contribution requirements should begin to trend slowly lower over the next decade as members who retire are replaced by members with a lower benefit structure.

We are seeing positive signs related to increased economic development activity. In the past year, the Warwick Mail has welcomed the addition of Not Your Average Joe's restaurant as well as Buffalo Wild Wings. Both of these restaurants – each chain's first Rhode Island location – have been very well received and are bustling with activity daily. Our hotels enjoyed one of the highest occupancy rates in the state last year, and direct marketing campaigns led by the Department of Tourism, Culture, and Development in the Boston and Connecticut markets are increasing our visibility as a tourist destination and bringing more visitors – and economic benefit – to our community.

Together with the Central Rhode Island Chamber of Commerce, we have also celebrated the opening of numerous small businesses and regional and national retailers throughout Warwick. The newly refurbished Verizon store and

the new West Marine on Bald Hill Road – locations that were submerged by the 2010 flood – stand as great examples of the resiliency of our community. The grand re-opening of the Sam's Club, bringing with it up to 160 new jobs, was another boon to our diverse commercial base.

The Chamber and the U.S. Small Business Administration have been terrific partners in our ongoing efforts to help existing businesses grow and to bring new companies to Warwick. In fact, in its last fiscal year, the SBA approved a total of \$68.6 million in loans for businesses throughout Rhode Island. Warwick, with 46 approved loans totaling \$10,781,500, ranked the highest in the state.

In November, we joined Governor Chafee and local, state and federal officials to unveil the new name and marketing strategy for the Warwick Station Development District. City Centre Warwick will capitalize on our central location and multiple transit options to grow existing companies and attract new target markets. The mixed use redevelopment, within City Centre Warwick, of 1.5 million square feet, including residential, retail, office, and hospitality uses, will sustain economic development, broaden our tax base and spur job growth. A recent market analysis has identified specific opportunities for foreign trade, medical device and high-value manufacturing, distribution services, and the health care, educational services, financial, and biotechnology industries.

Open space and recreational facilities, infrastructure improvements, and the clustering of target industries in the adjacent "business innovation district" will enhance our efforts to attract quality businesses to Warwick – all within a half-mile of Routes 95 and 295, the airport, and InterLink intermodal facility. Streamlined permitting processes will make it more convenient for developers and investors. The recent sale and subdivision of the former Leviton property will, we hope, lead to the preservation and re-use of the historic Elizabeth Mill, located just 150 feet from the InterLink station.

We are seeing a remarkable transformation throughout Apponaug Village, with the restoration of the historic Mill Tide Building, new businesses that are attracting visitors to their refurbished storefronts, and the long-anticipated restoration of City Hali. A new Cumberland Farms slated for Apponaug Four Corners will complement the area's historic features and promote walkability throughout the neighborhood. Work for the Apponaug Bypass is underway, and we eagerly anticipate the completion of this project, which will further our efforts to restore the heart of Apponaug into a walkable neighborhood and small business centre.

The City continues to receive additional revenue from airport-related activities. The Rhode Island Airport Corporation pays the City \$500,000 annually. Taxes on airport parking and rental cars are anticipated to generate

approximately \$1,825,000 in revenue during fiscal 2014. The City has received airport-related funding from the Economic Development Commission. This revenue totals \$778,000 in the current fiscal year. The state's meal tax is on target to generate approximately \$2,300,000 for the City.

We are also benefitting from a number of grants awarded to municipal departments in the past year. The Pilgrim Senior Center has received funding for a resource specialist, community information specialist and an exercise program, the Library is the recipient of a Champlin Grant for the remodeling of the Children's Library and the creation of the "Idea Studio" at the main branch, and the Fire Department has received funding for several initiatives, including Rapid Intervention Training for all department personnel. Grant funding secured by the Planning Department includes \$400,000 toward restoration of the City Hall bell tower, a GIS mapping initiative, tree planting and cemetery cleanup programs, development of trails at historic Barton Farm, and a design manual for City Centre Warwick. The Police Department is the recipient of more than \$186,000 for training, equipment, and traffic enforcement initiatives.

Last summer, our talented and hardworking Department of Public Works employees completed extensive renovations to the McDermott Pool complex. Their efforts are receiving rave reviews from pool patrons, who appreciate not only the aesthetic changes but new lockers, tiled floors and other improvements evident throughout the facility. My congratulations, too, to the Department of Public Works for its work to rebuild "Danger Bridge" in Oakland Beach, ensuring the safe passage of motorists and pedestrians for decades to come. By utilizing the talent of our employees, with minimal need for outside equipment or services, the city saved a significant amount of money on these projects.

While challenges remain, these are all signs that good things are happening – and continue to happen – in our community.

# FY2014 Budget

The FY2014 budget was prepared under our usual overriding premises: revenue and expenditure estimates should be realistic, core services be retained and that any tax increase be distributed among all taxpayers. The majority of City departments will end the fiscal year within their budgeted amounts. On the revenue side, property tax collections are a concern. Because of property tax abatements due to the revaluation and court settlements and the delay of the tax sale until August it is difficult to determine if the City will reach its budgeted figure. As a result, and

in an abundance of caution, the City is projecting a potential shortfall of up to \$2,000,000. Some other non-property tax revenues and grant revenues have exceeded budgetary estimates. As a result we are anticipating a budgetary surplus of approximately \$1.2 million.

## FY2015 Budget

The FY2015 budget also bears in mind the need to balance the fiscal realities that the City faces with the need to maintain the quality municipal services that our residents expect. The proposed spending plan totals \$288,808,735, of which \$158,472,256 has been allocated to support Warwick Public Schools. This is an overall increase of \$6,891,039 from the FY2014 adopted budget.

The Executive and Administration portion of the budget is up 12.21% or \$1,620,117. Among the reasons for this is an increase to debt principal of \$791,763. Funding for school and city building improvements, the Potowomut fire station and the issuance of a capital lease are the contributing factors. In addition, funding has been included in the Board of Canvassers for the upcoming elections.

As you are aware, the state mandates a full property revaluation every ten years. The next full revaluation in Warwick is scheduled for 2015. Rather than budget the full cost in FY2016, this budget proactively addresses funding for this process by allocating \$400,000. The FY2016 budget will include the remaining funds, projected at this time at approximately \$600,000.

Public Safety has increased \$1,261,168. The Police Department is up \$427,327. The salary line item has been increased to reflect four officers hired through the COPS grant and an increase in overtime funding to reflect the needs of the department. The Fire Department recommended budget has increased by \$786,846. There is a recommended increase in fire overtime of \$400,000 to reflect the needs of the department.

Employee Benefits and Capital has increased 4.38% or \$2,307,261. The City is fully funding its pension plans based upon actuarial valuations. The additional cost will be approximately \$1.3 million. The City is entering the final year of our healthcare contract with the Rhode Island Interiocal Risk Management. Our overall projected healthcare expense is almost level to what we have budgeted in the current fiscal year. This is one of the advantages of a fully insured plan, budget consistency.

As was previously mentioned, the city's contract for healthcare coverage will expire on June 30, 2015. The City has budgeted \$20,000 to hire a healthcare consultant to assist in the preparation of a Request for Proposals and subsequent review and recommendation of the successful bidder. We are entering the third and final year of our collective bargaining agreements with our Police, Fire and Municipal union employees. As you are aware, the pacts included no pay raises and increased healthcare co-pays. These agreements helped the City to respond responsibly to dire economic conditions and not overburden City taxpayers. In recognition of the efforts for our employees, I am including a new line item in the Employee Benefits portion of the budget titled Employee Fiscal Incentive Plan. My intention, if approved as part of the budget submission, will be to provide a one-time, non-recurring \$1,000 payment to every full-time employee in lieu of a percentage pay increase, and \$800,000 has been budgeted for this purpose.

## Schools

I am a product of the Warwick School System. Few elected officials in this City can make that claim. And, yes, I am proud of being the Pilgrim High School graduate to serve as our mayor.

As we know, based on continually declining student enrollment, the School administration and the Long-Term Facilities Planning Committee (LTFPC) recommended the consolidation of Warwick's secondary schools. The proposal was to close Warwick Veterans Memorial High School, repurpose it as a junior high school, and close Gorton and Aldrich Junior High Schools. According to the LTFPC report "Lighting the Way," this plan would have saved the School Department an estimated \$4.4 annually, and eliminated the need for costly – upwards of \$10 million – facility repairs and code upgrades for an additional annual operating cost avoidance of approximately \$800,000.

Nevertheless, the School Committee earlier this year tabled the proposal and is in the process of preparing Requests for Proposals for an outside consultant to examine the district's long-term planning needs. Based on projections that enrollment will continue to decline, it is likely that similar recommendations will be made in favor of school consolidations.

Should the School Committee ultimately decide to move forward with the recommendations of the Long-Term Facilities Planning Committee, I will support the annual allocation of the \$4.4 million in savings directly to the School Department budget going forward.

I am recommending that the School Department be funded at \$158,472,256 with a local appropriation of \$119,082,464. I believe that this funding is adequate for the School Department to meet its Basic Education Program (BEP) and any other obligations the system is committed to, especially in light of continued decline in enrollment. It has been presented by the LTFPC that there are opportunities for substantial savings in the School Department's budget and I am committed to allowing the School Department to retain these savings to be reinvested into the school system to provide facilities upgrades, technological improvements and a quality education for our children.

## Tax Rate

The proposed budget for FY2015 is \$288,808,735. Of that amount, \$158,472,256 has been allocated to support our school system and \$130,336,479 has been allocated to fund municipal services. This is an overall increase of \$6,891,039 from the prior year's adopted budget.

In developing this year's budget, we took the current FY2014 budget as the starting point, reviewed the lingering effects of the recent state-mandated revaluation, factored in property tax abatements and court settlements. After performing a methodical analysis, budget proposals in many instances were reduced by taking a critical look at proposed new positions as well as scaling back capital requests from department directors and division chiefs. As a result of this process, I am proposing a tax rate increase of 23 cents, which equates to a 1.16% increase in the City's overall budget. This budget therefore proposes a residential tax rate of \$20.02, and commercial/industrial and tangible personal property rates of \$30.03 and \$40.04, respectively. It should be noted that the budget assumes a tax collection rate of 97.45%, which is consistent with the local economic conditions. It should be noted that even with a proposed tax increase the City will actually raise less revenue from property taxes than in the current fiscal year. Due to this extremely unique situation, I believe it appropriate to utilize a portion of the City's reserves to balance the Proposed FY 2015 budget. The City's audit for Fiscal Year 2013 showed a municipal surplus of approximately \$3.6 million. I am proposing a fund balance drawdown of an equivalent \$3,600,000 in order to reduce the burden of a larger tax increase for the residents of the City. Please be assured that despite this action, the City will still retain sufficient reserve levels in the event of unforeseen circumstances.

I thought long and hard about taking more out of surplus in order to have no tax increase at all. And, certainly, in an election year, it would be the politically expedient thing to do. But I am not an accountant. I am not an actuary.

And I am not a finance director. In the end, these advisors convinced me that the 23-cent increase was the fiscally prudent thing to do to ensure the continued fiscal health of our community.

Last year, the motor vehicle exemption was increased to \$2,000. This is \$1,500 more than the minimum \$500 required by state law. That rate, \$34.60 per \$1,000 of assessed value, remains unchanged.

According to the December 31, 2013 revaluation, the average home in the City is currently valued at \$190,647. In this example, the proposed tax increase would mean that this homeowner would pay an additional \$43.85 in property taxes for the year.

It should be noted that the Governor's proposed FY2014 budget recommends formula aid to the City of Warwick in the amount of \$3,341,719. Formula aid consists of Payment in Lieu of Taxes (PILOT), state library aid and motor vehicle excise tax reimbursement value exemption. By contrast, in FY2007, the City received \$20,468,070 from these funding sources and General Revenue Sharing, which has been eliminated. Clearly, during this great recession the State of Rhode Island has significantly reduced municipal aid, resulting in an increased burden on local taxpayers.

## **Pensions**

Much attention has been paid in the past several years to pension systems – both those administered by the state and those administered by individual communities.

I am proud that a series of pension reforms that I proposed, and which the City Council approved, will realize significant savings for taxpayers over time. These changes, in effect now for new hires, targeted the age at which individuals can retire, the formula for determining what percentage of salary one will receive in retirement, annual cost of living (COLA) increases given to pensioners and the length of time someone can receive a disability pension.

As noted earlier, a report issued by our pension portfolio manager, Fiduciary Investment Advisors, showed that the average market rates of return as of December 31, 2013, improved significantly over the prior year. According to FIA, the Municipal system had the highest rate of return, at 17 percent, followed by Police II at 16.8 percent, and PoliceI/FireI at 16.3 percent. The Fire II Plan's rate was 16.1 percent. In contrast, the rates for the prior year, ending December 31, 2012, were 12.9 percent for Municipal, 12.7 percent for Police II, 12.7 percent for Police/Fire

I, and 12.6 percent for Fire II. I thank our Municipal Retirement Board members and those who oversee our police and fire pensions for taking their responsibilities so seriously in order to ensure that these plans continue to improve.

The budget reflects an increase of 5.1% or \$1,337,498.

## The Future

Despite the ongoing challenges we face, as we enter a new fiscal year there are a number of things to look forward to.

The state Department of Environmental Management continues its work to transform the remainder of Rocky Point into an attractive state park for passive recreation. As of this writing, RIDEM is in the process of awarding a bid for a two-phase cleanup of the property that will include, among other things, the demolition of the old Shore Dinner Hall, Windjammer and Palladium, removal of the remnants of the midway, and leveling of the Cliff House, which burned years ago. Eventually, together with the roughly 41 acres of shoreline the city purchased several years ago, more than 120 acres – with spectacular views of the Bay – will be restored, preserved and protected for the enjoyment of generations to come.

Following the recommendation of the Potowomut Elementary School Re-Use Committee's recommendation and the City Council's release of a \$2-million bond, plans to construct a fire station on the old school grounds are moving forward. When complete, the facility will include space for a Community Police unit, a community meeting room, and recreational playing fields. The existing playground will remain intact, and care was taken to preserve and reuse as many materials from the school building itself.

We anticipate future announcements related to the revitalization and restoration of historic Pontiac Mills and the Rhode Island Mall and look forward to the job creation and economic development opportunities these projects will bring to our community.

The Rhode Island Airport Corporation is moving forward with safety improvements and runway expansion plans at T.F. Green Airport and continues to work with the City on issues of mutual concern. In addition, RIAC is examining what properties might be placed back on the city tax rolls.

I remain extremely proud of our hardworking municipal employees, who demonstrate on a daily basis their commitment to this city, its residents, and business community. In the nearly 15 years I have served as Mayor, we have seen numerous individuals and departments recognized by outside local, regional, and national organizations. Those awards are a testament to the talent and commitment that our employees continue to share for the betterment of our community.

I would like to thank Chief of Staff Mark Carruolo, Finance Director Ernie Zmyslinski and Controller Ken Alfano for their tireless and dedicated efforts as we prepared this budget. My thanks, too, to our department directors and division chiefs, who continually meet the challenge to do more with fewer resources, and in a difficult economy. Let me take this opportunity to thank Mark as he prepares to retire next month. During his 30 year tenure – most in the Planning Department – Mark has been an incredible asset to our community, and, in the past three-and-a-half years in his role as Chief of Staff, his experience, insights and counsel have been invaluable as we addressed many issues of concern. He leaves big shoes to try to fill, and I am personally grateful for his efforts.

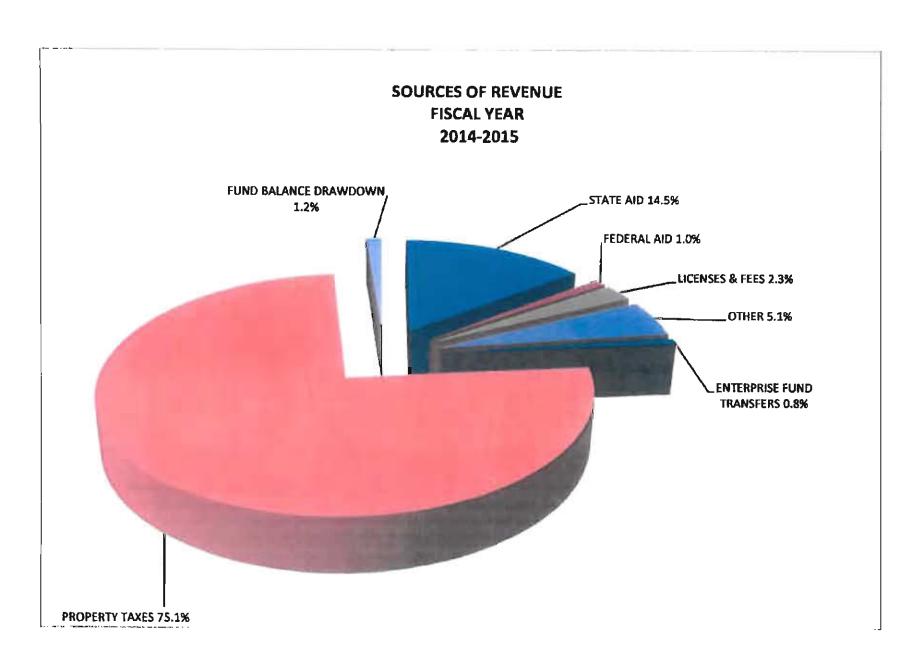

Finally, I offer my heartfelt gratitude to all of our citizens, the business community and our non-profit partners, who work with us in numerous ways to make the City of Warwick the wonderful community that it is.

Respectfully,

Scott Avedisian
